

EMERGING TECHNOLOGY | THE COULD/SHOULD PROJECT

PROJECT OBJECTIVES

OBJECTIVE 01

What is the technology?

SOURCES (URLs)

OBJECTIVE 02

What are the potential benefits of the technology?

SOURCES (URLs)

OBJECTIVE 03

What are the potential dangers of the technology?

SOURCES (URLs)

OBJECTIVE 04

Should we pursue further development of this technology?

SOURCES (URLs)

EMERGING TECHNOLOGY | THE COULD/SHOULD PROJECT

IN LIGHT OF THE BIBLICAL NARRATIVE, CONSIDER...

CONSIDERATION 01

How does the technology reflect Genesis 1:26-27?

CONSIDERATION 02

How does this technology relate to Genesis 1:28?

CONSIDERATION 03

In what way(s) could this technology cause us to violate God's design for dominion over the earth within boundaries? (Genesis 2:15-16; Exodus 20:2-17)

CONSIDERATION 04

In what way(s) could this technology be used in a redemptive way that brings God's Kingdom nearer? You may want to use the Four C's of Culture-Building: cure, comfort, cultivate, confront.

CONCLUSION

In light of the biblical narrative, SHOULD we continue to pursue development and use of this technology?
